

Review Week II
Winter 2020 - Week 10
Young Beginners Piano - Thursday @ 410p

1. Look at the list of pieces below. Which pieces do you need help with? Which pieces can you play from memory? With music? Put an 'X' under the column your piece falls under. Your list is not "complete" if more X's can be moved over to the next column.
2. If a piece is partially memorized, but not fully memorized, do not put it in the "Completely Memorized" column. Honesty with yourself is important in recognizing what you have accomplished and also what you need to improve upon.

Look at the worksheets and warmups list below. If you have completed and/or turned in the assignment, put an ‘X’ under the “COMPLETE” column. NOTE: If you cannot find it in your binder, you may have already turned it in.
